

STANDARD PIANOS—
THE FOUNTAIN OF YOUTH—

Ponce de Leon of Spain
Left his native mountain,
Sailed across the trackless main,
Seeking for a fountain,
That eternal youth should give
Through its waters flowing,
Leon did not drink and live,
Though his hope was glowing.
For he sought a fabled shrine
That had no existence,
And its waters, rich as wine,
Vanished in the distance.
What he sought we do not seek,
Greater our ambition:
With our music we would speak,
As from fields Elysian.
We the Weber keep, and know
That it is sure,
Of an instrument to show
Sweetest tone and purest.
Weber is the one for you,
Call on us and try it,
What we say we will prove true,
When you've seen you'll buy it.

AN OUTLINE OF THE MESSAGE.

A Conference Decides to Make a Poll on the Silver Question—Money Brokers Obtaining High Rates for Currency.

By Telegraph to The Times.
WASHINGTON, Aug. 7.—(By the Associated Press.) The extra session of Congress assembled at noon. The assembling was of special interest, because, for the first time in a third of a century, the Democratic party is in control of all departments, and because the national legislature has convened to deal with one of the gravest questions which has confronted the nation since the civil war.
While the responsibility for the results is on the Democrats, it is also true that the questions at issue will not be fought on strict party lines, as the parties are divided on it geographically. The assembly is shown of men on each side of the free coinage proposition in the ranks of the Democrats, Republicans, Populists and Greenbackers alike. This was a fruitful theme of discussion while the members were assembling, and many congratulations were passed that the fight had been taken out of the domain of rigid party politics, with a likelihood that it will be discussed more nearly in the light of pure reason.
The first thing on assembling in both houses was the reading of the President's proclamation convening Congress in extra session. This was followed by a call of names of the members of the House.
In the House, when Michigan was reached in calling the roll, the clerk stated that since the credentials of Richardson, of the Fifth District, were received and entered on the roll, there had been a change in the officers, and these had given a certificate to Belknap. The clerk added that he refused to strike out Richardson's name and now left the matter in the hands of the House.
There were 366 members found to be present. The clerk then announced that the election of Speaker was next in order. Holman placed Crisp in nomination; Henderson of Illinois named Tom Reed on behalf of the Republicans, and Jerry Simpson was nominated on behalf of the Populists. The tellers took the vote, which resulted: Crisp, 214; Reed, 122; Simpson, 7. Crisp was declared to be elected amid great applause, and was conducted to the chair by his late opponents.
On assuming the chair, Crisp thanked the members for the honor, and promised to discharge his duties with fidelity, courtesy and impartiality.
The oath was then administered by O'Neill of Massachusetts, after which the Speaker administered the oath to the members. Mr. Richardson of Michigan, on an objection by Mr. Burrows (Rep.) being requested to stand aside till the House was fully organized.
After the others had taken the oath, Mr. O'Farrell of Virginia offered a resolution that Mr. Richardson be sworn in. Mr. Burrows offered a resolution for the swearing in of Mr. Balknap on the ground that Mr. Richardson's credentials had been annulled by the Supreme Court of the State. Action on these resolutions was postponed till Tuesday.
The officers of the House, nominated by the Democratic caucus of Saturday were then elected and sworn in. A committee was appointed to notify the President that the House was organized and ready to hear from him.
When the drawing for seats was concluded it was ordered that the daily hour of meeting be noon of each day. Mr. O'Farrell gave notice that, tomorrow, immediately after the reading of the journal, he would call up the Michigan prima facie election case. The House then adjourned.

THE MESSAGE.

WASHINGTON, Aug. 7.—(By the Associated Press.) The President's message would have been sent to Congress today, but for an early adjournment of the Senate. A messenger was on the point of starting for the Capitol when it was the news of adjournment was received. It will be sent in tomorrow.
The message is only about three thousand words in length. It is understood that it recommends the unconditional repeal of the Sherman act. Free-silver Democrats express themselves as agreeably surprised at what they understand is the moderation of the President's recommendations.
While recommending the unconditional repeal of the Sherman act, they

understand that he recognizes silver as one of the money metals which must be maintained, but points out that under the present attitude of European countries the proper ratio between gold and silver cannot be maintained by this country alone; therefore, he does not favor the coinage of silver under the present conditions, except for subsidiary purposes. He thinks in this way Europe can be coerced into an international agreement more favorable than heretofore.

He favors silver on a parity with gold, stands by the platform of 1892, but says that the platform cannot be carried out because a fixed parity cannot be maintained. Prominent Democrats of both wings have been given to understand that these are the President's views.

THE SENATE.

It Adjourns Out of Respect to Stanford's Memory.

WASHINGTON, Aug. 7.—(By the Associated Press.) After the reading of the proclamation calling Congress together, Senator Quay of Pennsylvania and Senator Pascoe of Florida were sworn in.
A communication from Senator Beck with of Wyoming was read, saying that he had placed his resignation in the hands of the Governor.
Committees were appointed to notify the House and President that the Senate was in session. The death of Senator Stanford of California was commemoated by the Senate by Senator White of that State, and as a mark of respect, adjournment was taken till tomorrow.

THEIR POLICIES.

The Lines Upon Which the Different Facions Will Operate.

WASHINGTON, Aug. 7.—(By the Associated Press.) For the first time in many years the anti-free-coinage men are the aggressive element in the House of Representatives. Since the death of the silver leader in 1873, the silver men have been an aggressive element in every Congress, and have yearly demanded that attention be given to the "crime of 1873," and that silver be restored to its place as a money metal. The militant spirit of the free-coinage element is still at the front, but there has suddenly appeared an equally aggressive spirit among the hitherto conservative anti-free-coinage men, who have suddenly assumed the aggressive and demand that the purchase of the Sherman act be repealed, and that it be done unconditionally and at once.
The leader of this element is a man who never follows, but always leads, Hon. Bourke Cockran of New York. He has been for many years as a high chief of Tammany, and as one of the greatest orators of the day; but now he appears in a new role, the popularly-recognized champion of the President's financial policy in the halls of Congress. It is the element that has Cockran at its head that today beats the black flag and declares no quarter to the advocates of free coinage.
Day before yesterday Mr. Cockran went to Mr. Culberson of Texas and Mr. Bland, and stated that the anti-silver men were willing to start in with a discussion of the silver question, on the second day of the session, without referring it to the conference, or for a report from any committee.
The underlying motive is said to be the fear that Crisp will give the silver men a majority of the Coinage Committee. He urged upon the silver leaders that to wait for the committee's report would be to delay action; that it would be at least two weeks, probably three, before any committee would be announced.
Mr. Culberson told Mr. Cockran that he would not agree to the proposition. He believed the silver men could get their views before the country in very much better shape if embodied in a report from a majority of the Committee on Coinage.

FOR REPEAL.

The World Makes a Poll on Congress on Silver.

NEW YORK, Aug. 7.—(By the Associated Press.) The World's Washington correspondent has polled Congress upon the proposed silver legislation, and says that the result is as follows: There are 113 Representatives who favor repeal. Three Senators declare against the repeal of the Sherman law. A large number of those who want a substitute are for free coinage or are against demonetization of silver.

FOR THE MASSES.

President Cleveland's Message on the Existing Financial Conditions.

NEW YORK, Aug. 7.—(By the Associated Press.) The World's Washington special says: "The following is an authoritative statement regarding President Cleveland's message: He dwells most particularly upon the deplorable condition of the country as it affects the masses. The bankers, brokers and capitalists, he reasons, can take care of themselves, but the workingmen are practically helpless when such a condition of affairs, as now prevails, exists. To substantiate this statement he shows in concise language the actual effect of the law known as the Sherman act now in force.
"He calls attention to the dearth of confidence arising therefrom. He deals not in theories, but in facts, to demonstrate the truth of his assertion that the burden inflicted upon the people by this unwise law falls most heavily upon the workingman. It is for this reason, he believes, that the demand of the country for repeal is so strong and universal. It is the plain duty of all patriotic citizens entrusted with the responsibility of the government to heed such demand, therefore he recommends unconditional repeal, without a hint of compromise or substitute of any kind.
"Whatever may be his views regarding the future use of silver as the national currency, he repeats, possibly, by well-considered legislation after a suitable time shall have elapsed, he makes no suggestions, and outlines no plan which might meet with his approval. He confines his recommendation and directs attention of Congress solely to the pressing need of prompt repeal.
"He notes the fact that the people in the late elections made an emphatic demand for revision and reform in tariff legislation. The pledges then made must be kept. Since that time an unforeseen exigency has arisen, and it must be met and mastered. It is the plain duty of Congress, therefore, to offer relief to the country by placing the repeal of the financial statute ahead of all other contemplated legislation relating to the tariff or any other subjects. That is the substance of the message."

TO TAKE A POLL.

Members of the House to Be Bound Regarding Procedure.

WASHINGTON, Aug. 7.—(By the Associated Press.) At the suggestion of Representative Bourke Cockran, a number of the members of the House, principally of the New York delegation, met in the Arlington Hotel tonight, and informally discussed the best method of securing the immediate consideration and fixing of time for taking a vote on the silver question.
The conference appointed a committee to take a poll of the House and ascertain its sentiments as to the method and manner of procedure that should be adopted in this matter. The committee will meet tomorrow and report the result of their conference with the silver men and endeavor to agree upon a proposition to be made to them regarding the debate and the time for taking a vote on the question.

Anti-option Measures.

WASHINGTON, Aug. 7.—Senator Washburn intimates that he will not call up his anti-option bill until the financial question is settled.
If reached he will call up Senator George's substitute instead of his own bill, because that is not a revenue

measure and need not originate in the House.

WEST AND SOUTH.

Col. Archibald Fisk of Colorado on the Proposed Combine.

CHICAGO, Aug. 7.—(By the Associated Press.) Col. A. C. Fisk, Colorado delegate to the silver convention, has remained in the city in consultation with bimetallicists from all sections of the country, perfecting plans to force Congress to give the nation free coinage of silver and a sound measure of justice to debtors and producers.
He stated to a press reporter today that a determination had been reached to use every possible argument to convince the East that it was to the interests of all classes to restore silver and give the country a proper per capita circulation with which to do business, and if the East resisted in reducing the volume of money, which would enslave the West and South, that a combined effort would be made by those sections to wipe out the protective tariff and to pension every soldier who served in either the Federal or Confederate armies, their widows and orphans, and to enact a law providing for a graduated income tax for that purpose.

THE CURRENCY.

Money Brokers Obtain a 1-2 Per Cent. for Large Lots.

NEW YORK, Aug. 7.—(By the Associated Press.) Aside from the meeting of Congress and its possible action on the silver question, together with its probable effect on business in general, and the stock market in particular, the principal subject of discussion today was the continued scarcity of all forms of currency, notes and specie; in fact, according to well-informed bankers, that is, in some respects, the most serious question of the day.
Money brokers today were paying as high as 1/2 to 2 per cent. for currency, and were getting as high as 3/4 for it in big lots. One peculiar feature today in connection with this scarcity of cash is that money brokers were bidding from 1/2 to 1 per cent. for gold to arrive, notwithstanding that the rate of foreign exchange today did not warrant the importation of gold. Sight sterling was in demand in consequence of the offering of a premium for gold.
At the sub-treasury it was said that there was an abundant supply of currency on hand which the banks can have in exchange for its equivalent.

THE NEW ROUTE.

The Governor of Kansas Seeks to Promote the Enterprise.

TOPEKA, Aug. 7.—(By the Associated Press.) Gov. Leavelle today appointed Silas Rutledge, Benjamin Heilbrunn, W. J. Wilson and Thye Sparg, Danish vice-consul at Kansas City, commissioners to Chicago to confer with representatives of foreign governments attending the World's Fair, in the interests of steamship transportation to Europe via the Gulf of Mexico. The Governor continues to receive letters from all parts of the West commending his project.

IRON WORKS FAILURE.

CHICAGO, Aug. 7.—The Chicago Iron and Steel Company of East Chicago, Ind., has failed. The plant was nearly new, and cost \$250,000. It is claimed that the liabilities are less than \$100,000.
An Old Concern.
PHILADELPHIA, Aug. 7.—A receiver was appointed today for the Chestnut Hill Iron Ore Company. It is hopelessly insolvent. It was one of the largest manufacturers of pig-iron in Eastern Pennsylvania.

Silver Offers.

WASHINGTON, August 7.—The offers of silver today aggregated 505,000 ounces, and of this amount 21,000 ounces were purchased at \$0.726, and the same price was tendered for the remainder.
A Run Expected.
SPRINGFIELD (Mo.) Aug. 7.—The Greene County Bank failed this morning, and a heavy run on all of the other banks resulted.
Illinois Central Divided.
NEW YORK, Aug. 7.—The Illinois Central has declared a dividend of 2 1/2 per cent. in cash on the capital stock, payable September 1, 1893.

Vapor Stove Company Assigns.

CLEVELAND, Aug. 7.—The National Vapor Stove Company has made an assignment. Assets, \$125,000; liabilities, \$30,000.
The New York Central.
NEW YORK, Aug. 7.—Chunsey M. Deane is authority for the statement that the New York Central will begin its policy of retrenchment on Monday. Four trains each way between New York and Chicago will be abandoned.
EIGHTEEN LANDED.
A Decision by Commissioner Deady in Some Chinese Cases.
PORTLAND (Or.) Aug. 7.—(By the Associated Press.) Twenty-eight Chinese have been held on the steamer Haytian Republic. United States Commissioner Deady, this afternoon, decided that, under sections 2 and 6 of the treaty act, eighteen were entitled to land, and the remaining ten must be deported.

ON FIRE.

The Town of Snow Hill, Md., Probably Destroyed.

HARRINGTON (Del.) Aug. 7.—(By the Associated Press.) The town of Snow Hill, Md., is on fire. Every indication is that it will be totally destroyed. The fire department from Salisbury, Md., has been called on. The origin of the fire is unknown.

THE WRONG MAN.

Cook Phillips's Fatal Pistol Bullet.

In Protecting Himself from His Persecutor.

He Shoots Not Only His Foe, but a Bystander.

Evans Now Denies the Murder of Tovey—The State Board of Equalization at Work—Amount of Railroad Assessments.
By Telegraph to The Times.
COLFAX, Aug. 7.—(By the Associated Press.) The shooting affair at the Maxflower mine, near Forest Creek, yesterday afternoon, has created great excitement throughout the county. The correspondent visited the scene today and learned the particulars.
Sunday was change day at the mine, and all the men were around the company's store for amusement. Barney McManaman tried to pick up a row with Henry Phillips, the cook. Phillips was seated on a bench in front of the store when McManaman approached, but to prevent trouble, he moved and went out on the road.
He was followed by McManaman, who made a motion to draw a pistol, when Phillips drew a pistol and fired, the shot missing his man and striking William Goulden, who was coming out of the door to witness the trouble. The bullet entered the neck, and Goulden is very low, but there are some chances for his recovery. Phillips fired another shot at McManaman, taking effect in the latter's back and passing through his left lung and heart.
McManaman ran into the store, fell under the counter and died instantly. The pistol belonging to the deceased was found three feet from where he dropped dead. Goulden was a friend of Phillips, and made a statement exonerating him. Phillips surrendered himself, and is now in jail awaiting examination. Bystanders say he was justified in shooting McManaman. The coroner's inquest will be held tomorrow. Phillips will stand self-defense. Those implicated are young men.

RAILROAD ASSESSMENTS.

The State Board of Equalization Finishes Its Work.

SACRAMENTO, Aug. 7.—(By the Associated Press.) The State Board of Equalization did not finish its work of fixing the railroad assessments until midnight. They are as follows: For 1893: California Pacific, \$2,000,000; Central Pacific, \$18,000,000; Northern California, \$275,000; Northern Railway, \$3,100,000; Southern Pacific, \$16,000,000; South Pacific Coast, \$1,800,000; Southern California, \$2,050,000; San Francisco and North Pacific, \$1,925,000; Santa Fe and Colorado, \$230,000; Nevada, California and Oregon, \$100,000; Nevada County Narrow Gauge, \$100,000; North Pacific Coast, \$500,000; Pacific Coast, \$300,000; Galatia River, \$50,000; California and Nevada, \$75,000; Paljar Valley, \$120,000; San Francisco and San Mateo, \$125,000; Atlantic and Pacific Railroad (rolling stock) \$125,000; Pullman Palace Car Company and Southern Pacific, \$92,500; Pullman Palace Car Company, \$91,140. Total, \$42,478,640.

IN THREE ROUNDS.

Eddie Pierce Knocked Out by Dixon.

The Little Colored Champion Keeps His Laurels.

The New Yorker Clearly Over-matched by Him.

A Mishap at the Chicago Cycling Contest—Races on the Eastern Tracks—Ball Games of the National League.

CONEY ISLAND, N. Y., Aug. 7.—(By the Associated Press.) Never since the Coney Island Athletic Club commenced its pugilistic exhibitions has such a tremendous throng gathered at its arena as the Eddie-Pierce bout attracted this evening. There is a great favorite in New York city, and his admirers came down in full force. It is estimated that between 8000 and 10,000 spectators witnessed the fight. Jim Corbett was given a great ovation when he and Manager Brady walked into the building. The majority of betting men fancied Dixon, and gave liberal odds on him.

A curtain raiser between Murphy and McBride was for a purse of \$1000. Both men showed considerable cleverness. McBride appeared to have the best of it up to the fourth round, when he drew blood, but Murphy immediately returned the compliment. It was given and taken until the tenth round, when the referee gave the fight to McBride, as he was the fresher of the two.

At 9:20 Pierce and Dixon were given an ovation when they appeared on the stage. The fight was the most exciting of the season, and of which the lower received \$1000. The seconds of Dixon were Kelly, Kelly, Jack and Kelly, and Morris. Kelly, while Pierce was looking after by Charles Norton, Con Rordan, Nick Dunn, John W. Kelly, and Kelly. The two men were Mike Brashy for Dixon and Mike Lavelle for Pierce. First round—Dixon led with his left, after a little feinting, and caught Pierce in the wind, revisiting the same spot. A clinch followed on the ropes, but they broke away and Dixon again with his right. Another clinch and Dixon showed that he was a good hand at fighting, making Pierce break his hold.

Second round—After a short feint by Dixon, Pierce led heavily on Dixon's one, and ducked a right hander cleverly. A sharp rally followed, of which Pierce appeared to have the advantage. Dixon tried to land a right hander, but was met and stopped cleverly.

Third round—Dixon started in for business and sent in a left and drove Pierce to the ropes. He followed with a volley of rights and lefts that Pierce must have thought there was a shower of hands and arms. He came down, but tried to stand up. It was in vain, and he sank to the floor and was counted out. It took nearly ten minutes for him to regain consciousness.

DIXON SMITH. CONEY ISLAND (N. Y.), Aug. 7.—Solly Smith and George Dixon were practically matched tonight to fight before the Coney Island Athletic Club. The purse offered amounts to \$10,000. The contest has been set for some time in September.

PHOEBE WILKES.

The Unfinished 213 Trot Won by Two Heats.

BUFFALO (N. Y.), Aug. 7.—(By the Associated Press.) Phoebe Wilkes was this afternoon, good enough to land the unfinished 213 trot by adding two heats in succession to the one obtained on Saturday. The unfinished event furnished the only real sport of the afternoon, for the 219 trot and the two-year-old stakes were a straight heat affair, and 3000 spectators lost interest after the field in each had gone a mile. Angelina showed her heels to the other girls, the 219 trot, without much effort. Director's Flower, an undefeated filly by Director, had a cake-walk in the two-year-old trot, and she completed her fourth consecutive victory in a jog.

The 213 trot (unfinished) Phoebe Wilkes won, beating time 2:12. Stakes for two-year-olds, \$2000: Director's Flower won, Chris Lange second, Queen Allah third, time 2:24. The 219 trot, Angelina won, Myrtle R. second, Maud C. third, time 2:14. SARATOGA, Aug. 7.—Two-year-olds, selling, 54 furlongs: Hampton won, McDonough second, time 1:50. Seven furlongs: Rival won, Henry Young second, Logan third, time 1:31. Hudson stakes, for two-year-olds, selling, 5 furlongs: Buckene won, Little Mat second, Fredericks third, time 1:04.

Morrissey stakes, selling, 1 1/16 miles: Skyeston won, Shadow second, Stonemason third, time 1:50. Selling, 5 furlongs: Capt. Brown won, Artillery second, Lisely third, time 1:04.

Two-year-olds, selling, 4 1/2 furlongs: Ed Kearney won, Blossom second, Ma-bela third, time 0:58. MONMOUTH PARK, Aug. 7.—The track was fast.

Six furlongs: Chesapeake won, Ramapo second, Will Fense third, time 1:13. Five furlongs: Equation won, Loch-invar second, Parassang third, time 1:01.

One mile: Nomad won, Mary Stone second, Klidder third, time 1:44. One mile: Kinglet won, Aloha second, Count third, time 1:41.

Six furlongs: Key West won, Miss Maude second, May Win third, time 1:13. Six furlongs: By Jove won, Bayard second, Accident third, time 1:14.

The Report Stage of the Home-rule Measure.

Messengers are Sent Out for the Absent Members.

Cholera Epidemic Declining at Naples—The French Foreigners Sentenced—The Governor of Buenos Ayres Resigns and Flees.

By Telegram to The Times.

LONDON, Aug. 7.—(By Cable and Associated Press.) There was considerable excitement among the members of the House of Commons today, the report stage of the Home-rule Bill was reached at an earlier hour than was expected, and Balfour, who had an important amendment to offer to the bill, was not present to submit the amendment. The Conservative were exceedingly desirous of having the amendment submitted, George Balfour, Conservative, requested to be permitted to act as his substitute in offering the amendment.

Speaker Peel ruled that, at this stage, substitutes could not be allowed. A number of members were then proposed by the other members of the opposition, but the speaker ruled them out on the ground that due notice had not been given of their submission. The Unionists stood against as they saw the report sweeping through with lightning speed. Their right was delayed, and this gave the opposition time to prepare. Balfour and other members of the opposition appeared in the House in time to take part in the debate on the motion.

Eventually the motion was defeated by a vote of 195 to 152. Smith moved four further clauses dealing with elections in Ireland. After debate, each clause was rejected.

THE SOCIALISTS. Anarchists are Rejected and Expelled from the Congress.

ZURICH, Aug. 7.—(By Cable and Associated Press.) Today's session of the International Socialist Congress was marked by a great deal of excitement. First, there was a heated debate on the question of whether the Anarchists and Independent Socialists should be permitted to attend the congress, and carried to admit delegates only from societies recognizing the necessity of the organization of labor concurrently with political action.

The adoption of this resolution, which was tantamount to exclusion of the Anarchists, led to a great uproar. Several Anarchist delegates refused to withdraw, and several of them had to be ejected by force. When order had been somewhat restored the congress proceeded to the discussion of agricultural and other items.

At a meeting of the National Commission, today, Commissioner Goodell of Colorado precipitated a lengthy and heated debate by a resolution reducing the salaries of Commissioners St. Clair and May, members of the Council of Administration, to \$2500 a year. Now they are getting \$3000 each. The matter was finally referred to a special committee.

The attendance, today, was 124,958, of which \$910 were paid.

Declined to Prosecute. CHICAGO, Aug. 7.—H. B. Nemitz, accused by the Swiss World's Fair commissioners of embezzlement from Geneva exhibitors, was discharged today, Swiss Consul Hollinger declining to prosecute.

POOR CROPS. Yield of Winter Wheat in Illinois Very Small.

SPRINGFIELD (Ill.), Aug. 7.—(By the Associated Press.) Reports made today by the State Board of Agriculture indicate that the average yield of winter wheat will be the smallest since 1885, and makes the crop one of the smallest ever known. The quality is very poor, and in a few counties it is not saleable for flour at any price. A great deal of it will not grade over No. 3. The prices obtained are the lowest since 1860.

Cholera Decreasing. ROME, Aug. 7.—Alessandria is officially declared to be free from cholera, and the epidemic is declining in Naples.

A Forbidden Sheet. VIENNA, Aug. 7.—The government has forbidden the circulation of the Staats Zeitung of Chicago.

Blatchford's Successor. NEW YORK, Aug. 7.—A report is current in this city that the President has practically decided to nominate William B. Hornblower to fill the vacancy in the United States Supreme Court caused by the death of Judge Blatchford.

FLASHES FROM THE WIRES. Fire at Louisville, Ky., last night, destroyed some six-story buildings occupied by a dozen firms. The loss is \$12,000; insurance about \$40,000.

Gen. George Bingham died at West-brook, Mass., last night, aged 52. He was one of the first men in Victorian list at the breaking out of the war.

The seventh biennial convention of the National Young Men's Association opened at St. Paul yesterday. The president's report shows a membership of 20,000.

The eyes of every Union Pacific employee from general manager down are directed to Boston looking for the action of the board of directors, called in extraordinary session, among other things, the directors will consider the renewal of the \$1,000,000 sinking fund bonds which mature next month, also a probable cut in wages.

Chicago. Gustaf Erickson, who represented himself to be a Swedish count, committed suicide yesterday. He had been visiting the city with his brother-in-law, Capt. Black of the United States Army, shot herself through the heart while temporarily insane.

The White Caps. Boone Township, Indiana, burned the house of one Conrad, last night. Today three ridersless horses owned by three white caps, John Conrad, William Fish and William Babbie, were found. It is thought the owners had been killed by the riders, who have returned from Kentucky. They say they have three more to kill.

Balfour and other members of the opposition appeared in the House in time to take part in the debate on the motion.

Eventually the motion was defeated by a vote of 195 to 152. Smith moved four further clauses dealing with elections in Ireland. After debate, each clause was rejected.

THE SOCIALISTS. Anarchists are Rejected and Expelled from the Congress.

ZURICH, Aug. 7.—(By Cable and Associated Press.) Today's session of the International Socialist Congress was marked by a great deal of excitement. First, there was a heated debate on the question of whether the Anarchists and Independent Socialists should be permitted to attend the congress, and carried to admit delegates only from societies recognizing the necessity of the organization of labor concurrently with political action.

The adoption of this resolution, which was tantamount to exclusion of the Anarchists, led to a great uproar. Several Anarchist delegates refused to withdraw, and several of them had to be ejected by force. When order had been somewhat restored the congress proceeded to the discussion of agricultural and other items.

At a meeting of the National Commission, today, Commissioner Goodell of Colorado precipitated a lengthy and heated debate by a resolution reducing the salaries of Commissioners St. Clair and May, members of the Council of Administration, to \$2500 a year. Now they are getting \$3000 each. The matter was finally referred to a special committee.

The attendance, today, was 124,958, of which \$910 were paid.

Declined to Prosecute. CHICAGO, Aug. 7.—H. B. Nemitz, accused by the Swiss World's Fair commissioners of embezzlement from Geneva exhibitors, was discharged today, Swiss Consul Hollinger declining to prosecute.

POOR CROPS. Yield of Winter Wheat in Illinois Very Small.

SPRINGFIELD (Ill.), Aug. 7.—(By the Associated Press.) Reports made today by the State Board of Agriculture indicate that the average yield of winter wheat will be the smallest since 1885, and makes the crop one of the smallest ever known. The quality is very poor, and in a few counties it is not saleable for flour at any price. A great deal of it will not grade over No. 3. The prices obtained are the lowest since 1860.

Cholera Decreasing. ROME, Aug. 7.—Alessandria is officially declared to be free from cholera, and the epidemic is declining in Naples.

A Forbidden Sheet. VIENNA, Aug. 7.—The government has forbidden the circulation of the Staats Zeitung of Chicago.

Blatchford's Successor. NEW YORK, Aug. 7.—A report is current in this city that the President has practically decided to nominate William B. Hornblower to fill the vacancy in the United States Supreme Court caused by the death of Judge Blatchford.

FLASHES FROM THE WIRES. Fire at Louisville, Ky., last night, destroyed some six-story buildings occupied by a dozen firms. The loss is \$12,000; insurance about \$40,000.

Gen. George Bingham died at West-brook, Mass., last night, aged 52. He was one of the first men in Victorian list at the breaking out of the war.

The seventh biennial convention of the National Young Men's Association opened at St. Paul yesterday. The president's report shows a membership of 20,000.

The eyes of every Union Pacific employee from general manager down are directed to Boston looking for the action of the board of directors, called in extraordinary session, among other things, the directors will consider the renewal of the \$1,000,000 sinking fund bonds which mature next month, also a probable cut in wages.

Chicago. Gustaf Erickson, who represented himself to be a Swedish count, committed suicide yesterday. He had been visiting the city with his brother-in-law, Capt. Black of the United States Army, shot herself through the heart while temporarily insane.

The White Caps. Boone Township, Indiana, burned the house of one Conrad, last night. Today three ridersless horses owned by three white caps, John Conrad, William Fish and William Babbie, were found. It is thought the owners had been killed by the riders, who have returned from Kentucky. They say they have three more to kill.

LONDON, Aug. 7.—(By Cable and Associated Press.) There was considerable excitement among the members of the House of Commons today, the report stage of the Home-rule Bill was reached at an earlier hour than was expected, and Balfour, who had an important amendment to offer to the bill, was not present to submit the amendment. The Conservative were exceedingly desirous of having the amendment submitted, George Balfour, Conservative, requested to be permitted to act as his substitute in offering the amendment.

Speaker Peel ruled that, at this stage, substitutes could not be allowed. A number of members were then proposed by the other members of the opposition, but the speaker ruled them out on the ground that due notice had not been given of their submission. The Unionists stood against as they saw the report sweeping through with lightning speed. Their right was delayed, and this gave the opposition time to prepare. Balfour and other members of the opposition appeared in the House in time to take part in the debate on the motion.

Eventually the motion was defeated by a vote of 195 to 152. Smith moved four further clauses dealing with elections in Ireland. After debate, each clause was rejected.

FOR ASSAULT.

Why Hamilton Shot the Sheep-herders.

Some Points About the Railroad Land Cases.

Henry Farber, the Rape Fiend, Gets Twenty Years.

A Receiver Appointed to Take Charge of the Property of the S. M. Perry Company—Court Notes.

Horatio K. Hamilton, the lean and lank mountaineer who took several shots at two French sheep-herders, Bernard Gauthier and Joseph Camon, on the morning of Sunday, June 25, was on trial yesterday in Department One for assault with a deadly weapon. The complaining witnesses, Gauthier and Camon, told much the same story when placed on the witness stand as they did at the time the affair occurred. They were the owners of a large band of sheep, and had been accustomed to change their grazing ground as the seasons changed, in the Calaveras Valley. Hamilton was a woodcutter, who lived near Russ station, above the little town of Ravensburg. He had staked out a claim of government land and built a hut thereon, in which he lived. Through his claim, the public road ran, and to change their pasture Camon and Gauthier found it necessary to drive their flocks of sheep over the road, not believing that there was anyone who would prevent them from doing so. When they started the sheep along, however, on the Sunday morning mentioned, Hamilton came out and informed them that they would have to pay him \$5 for the privilege of driving the sheep through his property. This the men refused to do, whereupon Hamilton uttered a curse and drew a revolver. Before the two Frenchmen could get out of the way he had pointed the revolver at them and fired five shots. One of the shots struck Gauthier, severely wounding him, and another passed through Camon's trousers. After firing the shots Hamilton turned and ran down the road.

The defendant denied that he had fired upon the sheep men without cause, claiming that one of them had reached for his hip before he pulled his pistol and began to shoot. In further justification of what appeared to be an unprovoked assault he said that he had sustained considerable damage to growing crops by reason of trespass of the Frenchmen's sheep, and that he merely asked that they pay him the sum of \$5 for the damage. The case will be concluded this morning.

SOUTHERN PACIFIC LAND CASES.

Considerable interest is being taken in the numerous land cases which, embodied under the title of the Southern Pacific Company vs. Arizala et al., are now pending in the District Court. The recent decision of Judge Ross, wherein the demurrer to the complaint was overruled, practically decided the rights of the railroad company to lands such as have been acquired by settlers upon similar conditions as that owned or claimed by Mrs. Arizala, but it is yet thought possible that some new features may be developed which will affect the ultimate findings in the case. If the application to have certain of the cases taken up separately, as not being dependent upon the decision in the Arizala case, is not granted, as has already been noted, it is probable that the defendants will allow the plaintiff to take its decree on the points advanced in the overruling of the demurrer and then immediately appeal to the Supreme Court. The application referred to has been taken under advisement by Judge Ross.

The decision rendered does not apply to the 4,000,000 acres of land included in overlapping grants, held by the Supreme Court last term to belong to the United States, and on the part of the defendants it is maintained that for many years past the Supreme Court has decided that a settler may obtain no right to indemnity land under a grant until such land is selected and it is shown to the satisfaction of the Interior Department that such land is required to supply a deficiency of land lost in the primary limits of the grant.

In the cases now at issue the railroad company claims the right to dispose of the land on the ground that the original grants of the company included the territory settled. It is said that the Supreme Court has never decided otherwise than as above noted, but that such is the settled law in this country, and that the government patents to indemnity lands, which had not been selected, have always been upheld. However, it is also admitted by the most learned lawyers in this city that the opinion delivered by Judge Field in a Northern Pacific Railroad case is somewhat to the contrary. It is estimated that 200 quarter sections of land patented by the United States to settlers are affected by Judge Ross's decision.

GOT TWENTY YEARS. When Judge Smith sentenced Henry J. Farber to twenty years imprisonment at San Quentin, yesterday morning, he undoubtedly worked for the safe keeping of one of the most determined and cold-blooded criminals whose presence was ever inflicted on our community. Only recently has it come to light that the brutal assault upon Miss Cummings was but one of the offenses of which the rape fiend is guilty. In Portland, some years ago, he shot a police officer under circumstances that could not by any means be deemed justifiable, and by his own admission on the witness stand, he has been three times convicted of felony.

He played the part of injured innocence yesterday when called upon to stand up and receive sentence, to perfection, protesting with many tears in his staring, fishy eyes, that he did not commit the assault for which he was convicted. On the day previous, the defendant had been committed to the expected to get about twenty-five years, and to those who knew this, his action in court apparently was simply an endeavor to work the sympathy of the judge. His tears and protestations were all in vain, however, for the court quickly silenced the demonstration and passed the sentence.

RECEIVER APPOINTED. E. L. Burgen filed a complaint yesterday morning against the S. M. Perry Company, in which he prayed for judgment of \$250,000 against the defendant company in payment for services rendered. In the answer that was filed shortly afterward, the full amount of the debt was acknowledged and also the inability of the company to pay. Judge McKinley heard the case in Department Two, and, upon the application that a receiver be appointed, ordered that C. W. Pendleton act as such, with bond in the sum of \$15,000.

Court Notes. A fifteen days' stay of execution was yesterday granted to the defendants in the cases of the Pacific Bank vs. Lynch and Pacific Bank vs. Ayres, by Judge McKinley.

The cause of Martinez vs. the Los Angeles Consolidated Electric Railway Company was yesterday continued for the session, by consent, in Department Six. Judgment in the case of the Porter

Land and Water Company vs. Rehlow was yesterday signed in Department Six by Judge McKinley. W. L. Pierce, Superior Judge of San Diego, will hold court in Department Six today, his place in San Diego being supplied by Judge McKinley, who will hear a particular case in which Judge Pierce is disqualified to sit. An information charging Pedro Biddart with the crime of assault with a deadly weapon was yesterday filed in Department One, on motion of the District Attorney.

Time for setting the cause of People vs. Edward Fonda, on second trial, was ordered continued, by Judge Smith yesterday, to August 14.

A complaint has been filed in a suit for divorce by Caroline S. Thompson against Paul Thompson.

Judge Ross yesterday filed an opinion in the case of the Bank of North America vs. Frederick K. Ringe, overruling a demurrer to the bill of complaint, which was interposed on the grounds of want of jurisdiction and that the action was barred by the statute of limitations.

New Suits. Preliminary papers in the following new suits were filed with the County Clerk yesterday:

E. S. Burgen vs. S. M. Perry Company; suit for \$250,000 for services rendered.

Allen P. Nichols, assignee of estate of Pomona Bank, vs. E. T. Palmer; suit on promissory note for \$6068.75.

Some vs. R. S. Day; suit on promissory note for \$355.62.

Dolores Blancarte vs. Troy Laundry Company; suit for \$5500 for personal injuries.

Susana M. Bernard et al. vs. city of Los Angeles; suit for injunction on improvement of street.

WALKER ESTATE.

Chances That a Compromise Will Be Effected.

Hon. P. B. McCabe of Tempe, Ariz., in the City for That Purpose—The Facts in This Celebrated Case.

Hon. P. B. McCabe of Tempe, Ariz., is a guest at the Nadeau, he having come in from the Territory upon business connected with the John B. Walker estate.

The case is the same one which attracted so much attention at one time, some two years since, and is, in some respects, quite a little romance. John B. Walker was an old-timer in Arizona, and by a combination of good luck and good business management amassed property to the amount of perhaps a million and a half dollars. This, at least, is the estimated value of his estate, which is now in litigation.

Soon after Walker's arrival in the Territory he contracted an alliance with an Indian woman, a member of one of the local tribes, and by her had a child, now a sturdy half-breed dandy of 20 years, who bears the name of John Walker.

This marriage took place upon the reservation of the tribe to which Walker's wife belonged, and was, of course, performed according to the forms and customs of her people. Its legality has been called in question, but by a decision recently obtained in the Territorial court, the girl Juana has been declared a per se legitimate child and heir of her father.

To return, however, to the story. Walker was a man of numerous eccentricities, and bore the reputation of being a "cranky" individual. No one, however, apparently questioned his mental soundness until about two or three years ago, when his brother, William H., and his half-brother, Lucien E. Walker, appeared in court and upon representations that he was insane had a guardian appointed. This put them partly in control of the property, but as there were large interests in Los Angeles city and county the brothers took steps to protect them also. Walker was brought here, examined for insanity, and committed to Napa, where he subsequently died.

It was at the time of his examination in this city that a part of his story was told through the columns of the local press. Soon after his death there appeared a woman named Mrs. Eleanor D. Rice of Quincy, Ill., who claimed to have been married to Walker in 1880 at the house of the present Governor of Arizona, Hon. L. C. Hughes of Tucson. Old-time love letters were produced and the marriage proved, but as Walker was at that time under commitment as insane the Supreme Court of Arizona, a month ago, set aside Mrs. Rice's claim as Walker's widow, and she has retired from the field.

Mr. McCabe, as attorney for the girl Juana, is now engaged with his associate, ex-Congressman Barclay Henry of San Francisco, in an effort to overthrow the claims of the deceased's brother, W. H. Walker, a resident on San Julian street in this city, and the half-brother, L. E. Walker, who resides in Pasadena.

A judgment was obtained in the Supreme Court of Arizona, and now Mr. McCabe has come on to push the case in this county. Besides the claim of the girl Juana, there is a sum of \$90,000 cash, alleged to be on deposit in a certain Los Angeles bank, and this is the chief plum of the pudding, so to speak.

Among other things of mining property in Arizona, the estate includes the Vecke mine in Pike county, one of the richest silver deposits so far located, and the only large producer in the Territory now being operated. Just how long Mr. McCabe will remain in the city is uncertain, as a proposition of compromise has been made and the probabilities now are that the case will be settled without further recourse to the courts of law.

Arrivals at the County Jail. Three arrivals were registered at the County Jail yesterday. Joseph Moon was brought in from Pomona by Constable Clark. He was booked for ten days for disturbing the peace. Frank White was brought from the same place to serve the same number of days for vagrancy. One case of insanity was brought in from the city.

During the ten years that I have been located in Los Angeles I have treated and cured over 800 people who were afflicted with nearly every form of the various diseases that human flesh is heir to. Fully 90 out of every 100 that I have cured were wrecks that could not find relief in the other systems of medicine as practiced in Europe and America. Over 80 were given up by doctors and friends to die. Among the list of diseases I have cured are Piles, Rheumatism, Dyspepsia, twenty-five forms of Consumption, Asthma, Bright's Disease, Blindness, Insanity, twelve forms of Heart Disease, Cancers, Tumors, Skin and Blood Diseases of every description.

In my system of medicine there are over 80 different diseases, I cure 30 of them. I use over 300 kinds of herbs (no poisons), which I import direct, and which have been used in China 2000 years. I locate and describe all diseases by feeling the pulse, and in five minutes time. Consultation and examination free.

WHEN you can buy Muslin Underwear as cheap as you can buy the material it is certainly to the advantage of all ladies to avail themselves of the opportunity. All Muslin Underwear at one-half the marked price. All day yesterday all the available hands were busy. The Muslin Underwear and Corset Departments have jumped into fame and have more than trebled business. Sometimes a little persecution puts more vim and more life into business. The recent attacks of one house only in cutting prices on our special brands has had a tendency to make us more alert, more determined; the result is the salesladies have caught the inspiration and the big sales have been the result. Muslin Underwear at half-price—sales more than trebled. A special line of odds and ends in Corsets. The sales have more than trebled on our regular Royal Worcester line, and the sales on the odds and ends at half-price are away out of sight. It seems strange that any business house would throw the strong light of criticism upon their business methods by taking the special lines of reputable houses and cutting the price; no respectable, reputable business house will do it. It is not reputable business methods and is not so recognized; the little trifling profit is more than jeopardized by illegitimate selling. It is one of the strongest rules in this business, never in any way to pay any attention to what others are doing; we go upon the principle that if we all attend to our own business and attend to it well there will be no time left to attend to others; and this is one of the cases where it is necessary to defend this business as unusual pains have been taken to get a few numbers of the Royal Worcester line and cut the price, not for their own gain, but to work a certain amount of influence against our prices. When a big house gets down to fake methods the ridicule is the stronger. Muslin Underwear at half-price. Drawers, Chemise, Nightgowns, Corset Covers, also Ladies' and Children's Aprons, Blouse Waists, Children's Mull Caps and Hats, Infants' Underwear—every garment in the house half the regular price. Now is the time to buy. We solicit no trade only upon the fairest and squarest basis. We have no crow to pick with competing merchants; there is room for every one of us and plenty to spare. As a rule the merchants of Los Angeles are fair and square in all their dealings with one another, and we want to do business upon this basis; we are largely, very largely the gainer by it.
